

ENGINEERING DESIGN PROCESS Vision Board

1. Title of Experiment

2. Hypothesis (What inspires and motivates me?)

3. Draw a Picture of your Design (Sketch a design of your vision board idea.)

4. Data Collection/Observations (List any main themes that you see on your vision board.)

5. Results (Sketch your finished vision board)

6. Analysis/Answer Questions

How did your original idea compare to your finished vision board? Did you find any new themes for yourself as you were looking through the magazines?

Look at your vision board. Based on what you see, what goals do you have for the rest of this year? What things do you want to work on?
